

ACTION PLAN OF GOVERNMENT SERCHHIP COLLEGE

FOR THE ACADEMIC SESSION 2023 to 2024

The Action Plan of Government Serchhip College for the Academic Session 2023 to 2024 is prepared in line with the vision and mission of the college.

SCOPE:

The Action Plan sets out a framework of priorities for the college and the departments. The plan will be overseen by the Principal and IQAC.

CORE VALUES:

The Institution's core values are as follows:

1. Education:

- We are committed to give the students quality education through enhanced quality teaching and learning so as to enable them to realise their potential and help them to achieve their goals and objectives.
- Quality and in-depth provision in all subjects.
- Close inter relationship between teachers and students.

2. Faculty and Staff:

- We commit to achieve the highest professional standards of quality, integrity and performances in our programs, services and operations.
- Strong Support for individual researchers.
- Encouragement of career development for all staffs.

The Action Plan are categorised as follows:

1. Academic:

Through committed personal education of each student, we aim to provide quality education and experience which provide students with the values, skills and intellectual discipline which will enhance a positive contribution to the society.

- a. To attract and admit students from all backgrounds to enhance their ability to benefit the education delivered.
- b. To offer an excellent academic experience for all our students and ensure that they graduate and excel in their future professions.
- c. Preserving the best practice that the institution has to offer in its teaching learning process, including close personal supervision and support through mentoring and career guidance.
- d. Expand the support of financially challenged students.

- e. Continue awards and recognition for students in appreciation of various academic and co-curricular accomplishments.

Sl. No.	METRIC	ACADEMIC YEAR 2023-2024
1.	Students Intake	400
