Suggestion for Improvement of college administration/teaching/environment, if any

24 responses

Administration

nothing

I have no suggestion for improvement of college but anyway Serchhip Govt College is good enough

Environment

Our botany lecturers are the best ever lecturer

Have regular classes during working hours (eg 8:00a.m - 8:00 p.m) and avoid classes during the weekend such as Sunday and Saturday without notifying students beforehand

Everything's fine.

Our Teacher should have good information for a bout online class during their period as possible

Wish they can provide A bigger building and More update Equipment for Science laboratory.

Our college is good for everything.

Good

When I come to the College to fill up my form in Room.2 I saw a clock not working which is need to fixed and in the canteen it should be clean and must cook the food properly so that our stomach will not hurt .Secondly,the library room is not so big for the College and Volleyball court is not in good condition which is need to repair so as basketball court ,kids used to play but they don't maintain properly let there be a strict rules in two courts and in the last our college need a wide parking place for any wheels and that's all.

Time management of period,language and good information

Hard work end endurance for both teachers and students

Separate space for students to spend our breaks in between classes

Though the college have a good administration and teaching I hope the environment is made a liittle more challenging for the students such as competition among the students

Teaching

More updated book are needed in the library

Students need competition

Make me happy and upgrade

I don't have any suggestions
